DETAILED ACTION

Allowable Subject Matter

Claims 1-25 are allowed.

The following is an examiner's statement of reasons for allowance:

The prior art of record fails to anticipate or rendered obvious the combined elements/steps of "said announcement including a session identifier having a value announcing the availability of an electronic program guide", as recited in the claims.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

As stated by the Board of Patent Appeals and Interferences, "Gagnon does not, however, disclose that a specific part of the SDP+ protocol (i.e., the session identifier) has a "a value announcing the availability of an electronic programming guide" as claimed by appellant".

Conclusion
